

3.1练习

【2021全国新高考II】

I've always loved the ocean. In the 56seventh (seven) grade, I started volunteering at the Monterey Bay Aquarium in California. I was upset to learn that [many sea animals eat plastic garbage, 57thinking (think) it is food].

one - first

two - second

three - third

four - fourth

five - fifth

six - sixth

seven - seventh

eight - eighth

I decided to do something 58 (educate) people about this problem. I held presentations at schools to teach kids about plastic waste. I wanted to reach businesses too. I decided that if I learned of a company 59which/that used a lot of plastic, I'd send it an email urging it to cut back.

educate - to educate

education - educational

One day, I saw a commercial for a health-care company. People in the ad were using plastic straws(吸管). I ①found the contact information of the company 60and ②emailed its president.

I told him how 61 (harm) plastic could be to the environment and asked him to consider using more eco-friendly options. I was so 62 (excite) when he wrote back to me. He said he would make sure that the company cut its use of plastic straws in half.

how + adj.

How old are you?

How much is it?

... how long it took to do sth.

I kept going. Whenever I heard of businesses using plastic, I'd send an email. One of the biggest companies [I wrote to] 63was (be) Alaska Airlines Paris. A company 64 (represent) wrote back and told me the airline was switching over 65 plastic to paper cups on all of its 1,200 daily flights.
