【2020新高考II】 - 句子理解起来有点难度，但是做题思路都讲过哦~

These days, it is not unusual for 10- to 12-year-olds to publish their own websites or for second and third graders 56 (begin) computer classes. At the same time, computer games are becoming increasingly popular as major publishing houses continue to develop 57 (education) computer programs for children in preschool. Also, technological know-how has become a 58 (require) for most jobs in an increasingly digital world, as the computer has become a common tool in most 59 (profession).

The Digital World is a set of volumes 60 aim to describe how digital systems influence society and help readers understand the nature of digital systems and their many interacting parts. Each volume in the set explores 61 wide range of material, explains the basic concepts of major applications of digital systems, 62 discusses the influences they have on everyday life. Because the number of possible topics 63 (be) practically limitless, we focus on a sample of the most interesting and useful applications and tools and explain the basic principles of technology. Readers 64 (encourage) to continue exploring the digital world with the guidance of 65 (we) Further Resources section featured in each volume.
